Gateway To Wealth FREE REPORT

Thank you for downloading your FREE REPORT. By requesting the FREE REPORT the assumption is that you want to improve or change certain aspects of your life. Sorry but I have some bad news for you.

The 5% Rule - Why 95% Fail!

This is a very simple rule that dictates why 5% are WINNERS and 95% are LOSERS! I'll give you some examples:

- 1 WINNERS take action whilst LOSERS don't even start.
- 2 WINNERS are prepared to do what the LOSERS are unwilling to do.
- 3 WINNERS will do whatever it takes to achieve their goals LOSERS might only try.
- 4 WINNERS are willing to invest in themselves whilst LOSERS aren't willing.
- 5 WINNERS don't make excuses - LOSERS do.
- 6 WINNERS don't quit - LOSERS quit at the first obstacle.

Did you know that 5% (WINNERS) own 95% of the wealth in the world?
So now you know some of the reasons, are you willing to continue or give up now?

If you're still reading I congratulate you. You could be a WINNER!

So let's move on quickly - WINNERS are impatient. What's the first thing WINNERS need?

They need overwhelming **DESIRE** - they need a **WANT** - they need a **REASON WHY!** You might wonder why this is so important? The path to **success** is never smooth and strewn with obstacles. When an obstacle is met that's when the WINNERS remember the **REASON WHY** they are on that path.

What's The Number 1 REASON WHY people want to succeed?

It might surprise you to learn the No. 1 reason is that they want success not for themselves but to improve the lifestyle of their family. Here are others:

- Want To Have Your Own Business.
- Be The Most Successful Person In Your Family.
- Double Your Pension.
- Having No Money Worries.
- Take A 6 Month Holiday - Twice A Year.

.What's your **REASON WHY?**

What mindset do WINNERS have? There are countless self-improvement books and courses on this subject but you want the fast-track don't you? Well if you can stand the cheesy American delivery & the muppet audience have a look at T. Harv Eker - [Secrets of The Millionaire Mind](#). This is a series of 6 ten-minute videos on YouTube - watch them all!

OK so you want to be a **WINNER**, you've got a **REASON WHY** and you are **WILLING TO IMPROVE** - now what?

Well you have probably heard the saying "You'll never grow rich working for someone else's dream." So you've got to get yourself working in your business & fulfilling your dreams!

Yes, I hear you ask, but what business? Well there are a thousand and one opportunities out there or maybe you have a skill that you can put to good use. But there is one business model, that's been around for years, that surpasses all others & **ordinary people** (like you & me) are doing very well with it - thank you!

And it's not me that is saying it. Robert Kiyosaki, famous author of 'Rich Dad Poor Dad', is saying it! He has just written a book called, '[The Business of the 21st Century](#)' & if you're serious about being a WINNER get it from Amazon & read it - quick!

I have been involved in this business model for a number of years. What I can say is that it isn't a get-rich-quick scheme. This business is perfect for busy people. Without giving too much away, join the right business with the right mentor/partner, keep learning and with consistent effort you will reap rewards that you have never imagined and quicker than you'd ever hoped!

I hope that you will use this FREE REPORT as a stepping stone to your personal success.

When people ask me what they need to be successful in [my business](#) this is my reply.

- 1 You need to be able to SMILE.
- 2 You need to be able to TALK TO PEOPLE.

The rest I'll teach you!

Here's to your SUCCESS.

Best wishes
